

COMPETENCIES

- To interact harmoniously with others.
- To perform sensorimotor actions effectively in different contexts.
- To construct his/her understanding of the world.

DEVELOPMENT AXIS

Movements and Sound

Use rhythm as a mean of self-expression through First Nations dances, songs and drums, there by opening up to Indigenous cultural and social realities from a psychomotor, cognitive and social development perspective.

Suggested activities and research

- Differentiate drum formats and their components.
- Discover different sounds produced by percussion instruments.
- Produce a drum with available materials.

Drums and Dances

Living Cultures

Indigenous Languages

Suggested activities and research

- Recreate the snake dance by identifying important characteristics.

The Sum of Influences

Suggested activities and research

- Identify the forms of nature represented in the choreography of the hoop dance.

ADDITIONAL ACTIVITIES

- Invite resource persons.
- Fabricate dance mats.
- Learn the meaning of the circle for the First Nations.
